EDUCATION

K. J. Somaiya Institute of Technology, Affiliated to University of Mumbai
Bachelor of Technology in Computer Engineering (Honors - AIML)

May 2023 – July 2027

Average CGPA – 9.04 (Semester - VI)

Courses: DSA, Object Oriented Programming, Database Management Systems, Operating Systems, Computer Networks.

WORK EXPERIENCE

[\[Link\]](#)

Software Developer Intern | JSW Steel (On-site)

June 2025 - July 2025

- Developed an enterprise **Flask** and **Oracle Database** application as the **full-stack developer**, collaborating with production engineers and senior software engineers to translate manufacturing requirements into scalable software solutions.
- Designed, implemented, and validated features for **industrial workflow automation**, **asset lifecycle management**, and **15+ production reports**, while working in an **agile** team environment to deliver **iterative software improvements** based on **stakeholder feedback**.

June 2025 - July 2025 &
Dec 2025 – Jan 2025

Machine Learning Intern | Claidroid Technologies (Remote)

- Built an AI-powered Hospital Management System using Python and **Agentic AI** by integrating **predictive models**, Weather APIs, and inventory data to optimize bed occupancy, medicine forecasting, and hospital resource allocation.

Technical Intern | Central Railway (On-site)

July 2024 – August 2024

- Worked alongside Engineering teams to understand Mumbai's **EMU railway operations**, **maintenance workflows**, **hardware infrastructure**, and safety protocols, developing an understanding of large-scale engineering systems and industrial operations.

PROJECTS

Industrial Asset Management System

[\[Link\]](#)

- Developed a Roll Shop Management System using **Flask**, **Oracle Database**, **SQL**, and **Pandas**, implementing **data ingestion**, **data validation**, and **transactional workflows** to digitize the complete lifecycle of industrial assets across inventory, grinding, inspection, assembly, and reporting.
- Built backend services for **Excel-based data processing**, **relational data management**, **workflow automation**, and **operational reporting**, enabling reliable data consistency, streamlined manufacturing operations, and improving reporting accuracy and operational efficiency.

GeoSwipe – World At Your Fingertips

[\[Link\]](#)

- Created a full-stack heritage exploration platform using **React**, **Express.js**, **MongoDB**, **Three.js**, and **Socket.IO**, integrating 11 external APIs supporting maps, news, geospatial visualization, AI-powered assistance, and real-time multiplayer experiences.
- Integrated a **MediaPipe**-based gesture recognition pipeline and **Groq Llama 3.3** AI integration with **REST APIs**, multi-level caching, and JSON-driven content architecture to enhance performance improving API performance and simplifying future feature development.

Skill_Verse - A Full Stack Learning & Skill Sharing Platform

[\[Link\]](#)

- Developed a full-stack gamified learning platform using **React**, **Node.js**, **Express.js**, **MySQL**, and **Redis**, implementing **JWT authentication**, **REST APIs**, **role-based access control (RBAC)**, and **Socket.IO** to deliver secure, real-time collaborative learning experiences.
- Engineered scalable backend services integrating **Redis cache-aside caching**, **database transactions**, **Razorpay payment processing**, **refresh token rotation**, and **event-driven cache invalidation**, improving application security, performance, and maintainability.

TECHNICAL SKILLS

[\[Link\]](#)

Programming Languages: C, Java, Python, JavaScript

Framework & Libraries: HTML5, CSS3, Bootstrap, Tailwind, React.js, Node.js, Express.js, Flask, Django

Databases : MySQL, MongoDB, Oracle Database, Supabase

Tools & Platforms: Git, GitHub, Unity, MongoDB Atlas, Redis, Render, AWS, Docker

ACHIEVEMENTS & CERTIFICATIONS

- **National-Level Innovation Showcase** at CIIA-5 (hosted at Nehru Science Centre) (2025-26)(Project - GeoSwipe)
- **Winner** – IET Intech 2k26 (National Level) (2025-26) (Project - Atomix)
- **Runner-up** - AI-Robo Festival (2026)(Project -GeoSwipe)
- **Letter of appreciations** from Somaiya college for CIIA-5 and AIU-Squash
- **Amazon AWS Academy Graduate** - Cloud Foundations
- **Represented KJSIT & Mumbai University** in All India University Matches 2025-26

HOBBIES

Squash , Chess , Badminton , Travelling
